

THE R.A.A.F. GANNET PLANE, designed by Wing-Commander L. J. Wackett, and the first machine produced at Fishermen's Bend, left Laverton aerodrome yesterday for Darwin and Singapore, taking Air Vice-Marshal R. Williams to the official opening of the new graving dock at the naval base. Right: Judith Murphy presenting a four-leaved clover to the Air Chief. Below: The Gannet and its complement. From left: Corporals Connelly and Taylor, Air Vice-Marshal Williams and Squadron-Leader A. L. Walters.
